D9800 DONATIONS IN KIND

Rear Shed 40, 400 Somerville Road West Footscray VIC 3012

Medical Donations Requested

The need for medical equipment and supplies in developing countries is extensive and we can place most of the things that are readily available. While the goods could go to any country the main areas we supply are our neighbours in the Pacific Rim and Asia. We are fortunate that many local medical professional have worker in these areas and understand what is required.

To make it easier for people with limited medical knowledge, we group equipment and supplies by their likely use and if it is possible to sort donations this way it would be greatly appreciated.

General Practice, Clinics, General Hospitals and Specialist Hospitals With the exception of special hospital equipment we can place the rest, the only limitation is funds for shipping.

Medical Equipment

Picking up small quantities is not an issue. For large quantities we would appreciate as much notice as possible. Where practical we may load directly into containers on site. For special items please contact us.

Medical Supplies

The import restrictions vary between countries and compliance with “use by dates” may be an issue. They may also be able to use some material in other applications. If in doubt please contact us.

Project Partnerships

While our focus is on obtaining goods for Rotary projects we are happy to assist organizations with similar aims. If you wish to ship items overseas particularly East Timor we may be able to assist.

All donations will go to someone in need for free.
