

## Special Donation Alert

No D9800 / 12- 1 1/3/2012

### **Description** St Vincents Hospital Beds and Equipment

144 electric hospital beds

144 matching over-bed tables

144 bedside lockers                      All excellent quality in current use.

**Status** Available in Winter at St Vincents Hospital Melbourne

**Note: They will have to be picked up progressively over four days.** We are confident that labour will be able to assist.

This is a repeat of the project completed in December 2011 where 90 beds were removed in two days including a container loaded on site. The staff and everyone involved are very friendly and the only limitation is the loading dock capacity.

**Shipping details** – Volume 4 x 40' shipping containers. 48 beds will fit in a container with room for small items that may be available from the Store, or 36 beds with bedside lockers.

**Action required** – If you are interested please advise the Footscray Store ASAP as it will be allocated to the first person who wants it
